

## **CURRICULUM VITAE: ILSE HOFMANN**

Principle Investigator

Joint Research Division Vascular Biology of the Medical Faculty Mannheim, University of Heidelberg, and the German Cancer Research Center (DKFZ)  
Center for Biomedicine and Medical Technology Mannheim  
Ludolf-Krehl-Str. 13-17  
68167 Mannheim/Germany

### **Education:**

- 1980-85 University of Erlangen-Nürnberg, studies in Biochemistry, Microbiology, Botany and Organic Chemistry
- 1985-87 Diploma Thesis, Institute of Clinical Microbiology and Infection, Erlangen, "Bestimmung von *Yersinia enterocolitica* O9 spezifischen Antikörpern mit Hilfe der ELISA-Technik unter Verwendung verschiedener Antigenpräparationen"
- 1988-91 Ph.D. student, German Cancer Research Center (DKFZ), Heidelberg, Division of Cell Biology
- 1991 Ph.D. thesis: "Aufbau und Anwendung eines Bestimmungsverfahrens zur *in vitro* Polymerisation von Intermediärfilamenten"
- 2004 Venia legendi for Cell Biology, Faculty of Life Science, University of Heidelberg

### **Research/Professional Experience:**

- 1987 Research scientist, Laborpraxis Dr. Schottdorf, Augsburg, Division of Microbiology and Serology
- 1988 Research scientist, Progen Biotechnik Ltd., Heidelberg
- 1992-2007 Post doc/ senior scientist, German Cancer Research Center (DKFZ), Heidelberg, Division of Cell Biology
- 1998 - Lecturer, University of Heidelberg, Faculty of Biosciences
- 1998 - Instructor, Apprenticeship Program for biology technicians, DKFZ
- 2005 - Coordinator K.H.-Bauer-Teaching Laboratory, DKFZ
- 2007 - Project leader masters program "Molecular Biosciences" major "Cancer Biology"
- 2008 - Principle Investigator, Joint Research Division Vascular Biology of the Medical Faculty Mannheim, University of Heidelberg, and the German Cancer Research Center (DKFZ)

### **Other Activities:**

Membership in scientific societies:

- 1991 - German Society of Cell Biology
- 1999 - Society of Biochemistry and Molecular Biology
